INTRODUCING THE NEW
BNC ADOPTION & INSIGHTS PORTAL
Introducing the Adoption & Insights Portal (AIP)

AIP was developed by Barnes & Noble College to solve challenges faced by our higher education partners in the areas of discovering, selecting, and monitoring course material adoptions.

Powered by your student information system (SIS), AIP delivers a highly personalized, streamlined, action-oriented user experience for faculty, staff, administrators, and academic leadership.

With AIP, faculty and staff can easily manage and submit course material adoptions each term.
Getting Started with AIP
How do I login?

• The Adoption & Insights Portal lets you login with your institution credentials via a link to AIP in your SIS or Learning Management System.

• You can also access AIP through the link in your Adoption Reminder emails.

Note: this is an example and only for illustrative purposes.
As faculty, you will land on the **Course List** and see all your courses for the term/semester, powered by data from your SIS.

In the Course List, you can submit your adoptions by using your adoption history, searching the catalog, and more.
