ENVIRONMENTAL TECHNOLOGY 160

Associate in Applied Science degree (A.A.S.)

68 Credit Hours (CH)

The study of Environmental Technology prepares students for work in a wide variety of environmental fields. The courses are designed to prepare students with the skills and knowledge needed to participate in environmental careers including environmental compliance in public and private sector organizations, pollution prevention, environmental remediation, workplace health and safety, and emergency response preparedness. Students will study the various methods used for pollution prevention and the regulations that apply in various types of facilities. Students will learn to develop procedures for proper hazardous materials handling techniques and design training programs used to implement existing and future regulatory requirements to ensure compliance. This program prepares students to work in the health and safety field in such positions as a compliance officer, environmental safety specialist, laboratory technician, hazardous materials emergency response technician, and environmental coordinator.

General Education

19 CH

English (035)

101 Composition

Speech (095)

101 Fundamentals of Speech Communication

Chemistry (073)

121 Basic Chemistry I

CIS (032)

120 Introduction to Microcomputers

Arts/Humanities and Social Behavioral Sciences

(Students should meet with a college Academic Advisor for selection of one course each in these two disciplines.)

See page 51 for A.A.S. general education degree requirements.

Required Program Core

41 CH

Biology (023)

119 Environmental Biology

226 Human Structure and Function I

English (035)

102 Composition OR

107 Report Writing

Environmental Technology (027)

121 Introduction to Hazardous Materials Management

131 Environmental Health and Safety

141 Site Investigation and Sampling

151 Intro to Environmental Laws and Policies

175 Hazardous Materials Handling and Transportation

211 Recycling and Waste Minimization

241 Environmental Sampling

243 Environmental Analysis

Mathematics (045)

Any college level Math class

ELECTIVES

8 CH

Environmental Technology Electives

TOTAL PROGRAM MINIMUM CREDIT HOURS

68 CH

ENVIRONMENTAL TECHNOLOGY 161

Basic Certificate (B.C.) 18 Credit Hours (CH)

Required Program Core

18 CH

Environmental Technology (027)

121 Introduction to Hazardous Materials Management

131 Environmental Health and Safety

ELECTIVES

Students should meet with a college Academic Advisor for selection of elective courses.

100 level Environmental Technology electives

200 level Environmental Technology electives
