**Global Initiative Chicago Conference — Library Resources**

As many of you may be aware, on January 25, 2007 Harold Washington College will host the Global Initiative Chicago (GIC) conference. In an effort to support College sponsored activities, the Library has recently acquired a number of books related to globalization, free trade, NAFTA, CAFTA and the World Trade Organization. It is our goal to provide a deeper understanding of the world we live in and offer students and faculty the chance to study these vital issues. We have recently added the following books to our collection:

- Confessions of an economic hit man / John Perkins.
- The world trade organization : law, practice, and policy / Mitsuo Matsushita, Thomas J. Schoenbaum, and Petros C. Mavroidis.
- Free trade / edited by Jennifer Peloso ; editorial advisor Lynn M. Messina.
- Globalization and diversity : geography of a changing world / Les Rowntree ... [et al.].
- Why globalization works / Martin Wolf.
- Whose trade organization? : a comprehensive guide to the WTO / Lori Wallach and Patrick Woodall.
- Global resources : opposing viewpoints / Helen Cothran.
- The paradox of American power : why the world's only superpower can't go it alone / Joseph S. Nye Jr.
- Globalization and democracy / Alan W. Heston, Ronaldo Munck; Barry K. Gills.
- Globalization / Katrin Sjursen.
- Runaway world : how globalization is reshaping our lives / Anthony Giddens.
- The race to the bottom : why a worldwide worker surplus and uncontrolled free trade are sinking American living standards / Alan Tonelson.
- Five days that shook the world : Seattle and beyond / Alexander Cockburn and Jeffrey St. Clair ; photographs by Allan Sekula.
- The corporate planet : ecology and politics in the age of globalization / Joshua Karliner.
- NAFTA revisited : expectations and realities / Paul Rich, Guillermo de los Reyes.
- The great American deception : what politicians won't tell you about our economy and your future / Ravi Batra.

You can find any of these books by performing a title search in our online catalog. Or, as always, you can simply ask a librarian for help finding books about these, and other, topics.

**Departmental Liaisons**

In our ongoing effort to best meet the information needs of the Harold Washington College community, as well as to strengthen our relationships with the numerous academic and service departments in the College, the library has created a library liaison service. Individual librarians will serve as liaisons to the academic departments and areas of the College. Your library liaison is your primary contact person for assistance with collection development (this includes adding to and weeding from the collection), questions about library resources available in your area, questions and assistance with course reserves, and keeping up-to-date with library developments. We invite you to contact us with any questions you may have or simply to chat about what the library can offer you.
