Focus Area: Liberal Arts
Pathway: History Transfer to Governors State University
Visit your Academic Advisor, CCC.edu or your College’s Transfer Center for more information
Catalog 2014-2015
Degree Codes: AA 0210

This is a RECOMMENDED course sequence for students interested in pursuing History at Governors State. If pathway is followed as outlined the student will earn an Associate in Arts degree. One course will satisfy the Human Diversity (HD) requirement, and is labeled with an (HD) in the sequence below. This pathway partnership transfer plan is designed to help you prepare to transfer to Governors State University as a junior to complete a Bachelor’s degree in History. Historians research, analyze and interpret the past to demonstrate knowledge of the past and its impact on society. Historians also study events, movements, and trends to gain insights into the present and future. Historians work in a variety of settings, such as museums, archives, and historical societies, preparing and maintaining historical records and exhibits, researching and writing about the past, and educating the public about history. Historical research primarily involves conducting detailed research on a topic from written records and other primary sources. This includes not only reading and interpreting books, articles, and government documents but also seeking out and evaluating historical documents such as diaries, letters, and government records. A minimum of 60 semester credits is required for transfer as a junior into a baccalaureate History program. Since admission is competitive, completing the courses recommended below does not by itself guarantee admission (ITransfer.org). Only by talking to your designated college advisor will you be sure to make the right choices. Good luck and we cannot wait to see you at graduation!

Make informed course choices in consultation with your CCC College Advisor
