

How do I use Spell Check?

1. Begin a New Message or reply to a message you have received.

2. Click **Tools/Spell Check** from the Menu bar, or click the Spell Check button

3. Spell Checker will highlight all misspelled or unrecognized words. When a misspelled word is highlighted, click any of the available options such as Replace, or Skip Once. You can also edit the word manually.

4. Click the **Close** button  to close Spell Check.
