## Olive-Harvey College Learning Communities

### What is a Learning Community?
- Learning Communities provide a supportive environment for students to encourage their academic success.
- Learning Communities are groups of students (25 or less) who share academic interests and goals—students in Learning Communities have at least two of the same courses.
- Students receive specialized advising and work closely with an academic advisor assigned to their Learning Communities.
- Peer tutors help students learn.
- Students are able to participate in special social events and go on class outings together.

Learning Community classes require enrollment in all block classes. Otherwise, you will be automatically dropped.

The prerequisite to enroll in a Learning Community course requires that you are eligible for enrollment in English 101, or have a grade of C or better in English 100, or have consent from the department chairperson.
