October 15, 2015

Dear Prospective Student:

City Colleges of Chicago’s Dental Hygiene Program is now accepting applications for the class of 2018, which will enter the program in the 2016 summer session. City Colleges of Chicago is building a brand new School of Health Sciences on the site of its new Malcolm X College campus that will house all City Colleges’ healthcare programs. The new $251 million campus will offer students the opportunity to learn in a state-of-the-art healthcare training facility developed with input from industry leaders, complete with a virtual hospital, a dental hygiene patient care clinic, and easy access to employers in the Illinois Medical District for clinical rotations, internships and job opportunities.

Our Dental Hygiene program, faculty, and staff are currently located at Kennedy-King College, one of the City Colleges of Chicago. The program is the only dental hygiene program in the City of Chicago, and has a successful track record of the students passing both clinical and national licensing examinations scoring well above the national average. **(Please note that you will submit all application materials and fees at the Kennedy-King College location).**

Beginning in June 2016, the program will geographically relocate to the Malcolm X College campus featuring our brand-new state of the art dental clinic at the new College of Health Sciences. **If you are accepted into the Program, you will begin all of your classes at Malcolm X College in June 2016.**

To be considered for the class of 2018, the Dental Hygiene Program must have your completed application and supporting documents on file by **February 1, 2016.** Neither applications received after February 1st, nor incomplete applications will be considered. Please note that prerequisite courses must be taken in semester hours, not quarter hours. If you are attending a college or university that is on a quarter system, you will need to speak with an advisor.

Please read the enclosed information carefully. All information needed to successfully apply to the dental hygiene program is included in this packet. There is a $40.00 nonrefundable application fee to be submitted to the Kennedy-King College Business Office. Please attach your receipt of fee payment when you submit your application.

We strongly recommend early submission of your complete application to ensure all necessary items are included.
Other important information regarding applying to the dental hygiene program:

1. You will be required to take a drug test and complete a background screening. Information will be provided to you regarding these upon admission to the program.

2. In addition to the application, you will need to submit the following:
   - Two official copies of transcripts from all institutions attended. Please note that official copies of all transcripts must be on file in the Dental Hygiene Department office at Kennedy-King College. If you have taken classes at any of the City Colleges of Chicago, you do not need to submit transcripts, simply include your name, student ID number, and dates of attendance in a letter.
   - The application fee paid receipt. When you apply, you will need to go to the KKC Business Office and pay the $40.00 application fee.

3. At the end of this information packet is a page with a form that you need to take to the Business Office when you pay for the HOAT (Health Occupations Aptitude Test) and the Application Fee. There is a different form for each of the payments. Please submit those forms with each payment. The Business Office will give you a receipt. Please submit a copy of the receipt in your application packet.

Thank you for your interest in the Dental Hygiene Program at City Colleges of Chicago. If you have questions or need additional information on the application process or the relocation of the Program to Malcolm X College, please contact Laura Leal, the Dental Hygiene Admissions Coordinator/Program Assistant at 773.602.5219.

Sincerely,

[Signature]

Maribel Alimboyoguen, RDH, MS
Director, Dental Hygiene Program

Chicago, IL 60621
Enclosures
Enclosed you will find:

1. A fact sheet on the Malcolm X College Dental Hygiene Program with information on admission requirements, candidate selection, and notification policy.

2. Criteria for Successful Program Completion

3. Program Goals and Student Outcomes

4. The MXC Dental Hygiene Program Blood-Borne Pathogen Policy

5. Application Instructions for the Dental Hygiene Program

6. How will my application packet be evaluated?

7. Information on the Health Occupations Aptitude Examination. There are two parts to this examination. You are required to take both the regular HOAT and the HOAT reading test. You are allowed to take the examination only once prior to the application deadline. There is a $50.00 fee for the examinations.

8. *Kennedy-King College Business Office Forms* for HOAT and Application Fee

9. Dental Hygiene Application Checklist

10. An estimate of current fees and costs associated with the dental hygiene program
CITY COLLEGES OF CHICAGO DENTAL HYGIENIC PROGRAM

2016 FACT SHEET

WHY CITY COLLEGES OF CHICAGO?
The City Colleges of Chicago Dental Hygiene Program at Malcolm X College has the distinction of being the only dental hygiene program in the City of Chicago. It provides the dental hygiene student with excellent opportunities available when enrolled in a community college with access to the exceptional professional resources through community-based clinics and the new Malcolm X College of Health Sciences. The program in dental hygiene is accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at http://www.ada.org/en/coda.

WHY DENTAL HYGIENE?
Dental Hygienists, as members of the oral health team, are licensed professionals who provide specialized educational, clinical and therapeutic services in preventive oral healthcare. Employment opportunities for dental hygienists are excellent in a variety of health care settings and are expected to grow through the 21st century.

The majority of dental hygienists are employed in clinical practice settings. Other career options include office management, extended care facilities, dental product sales, corporate educational consultant, insurance companies, public health clinics, educational institutions, and research.

WHAT ARE THE ELIGIBILITY REQUIREMENTS?
The program is very competitive and having the minimum requirements does not indicate that you will be accepted into the program. Students having less than the minimum requirements will not be considered. In order to enter the program students must:

Be at least 18 years of age;
Graduate from an accredited high school or earn a GED;
Meet general admissions requirements for City Colleges of Chicago including successful completion of all prerequisite courses for the Dental Hygiene Program;
Take the Health Occupations Aptitude Examination and Reading Test;
Have a minimum cumulative GPA of 2.5 in all college level work.

WHAT ARE THE PREREQUISITES?
Prior to entering the dental hygiene program, prospective students must complete the following classes with a grade of “C” or higher:

General Biology with a Lab (At CCC – Biology 121) 5 hours
   4 semesters hours with a lab also is acceptable
Basic Chemistry I with a Lab (At CCC – Chem 121) 4 hours
   4 semester hours with a lab also is acceptable
Anatomy and Physiology (At CCC – Biology 226 & 227) 8 hours
   Has to be 8 hours
   Can be anatomy & physiology I and II – 4 hours each
   Can be 4 hours of anatomy and 4 hours of physiology
Microbiology (At CCC-Micro-233) 4 hours
A Human Diversity Course (See college advisor to select course) 3 hours
Total 24 hours

Basic Sciences must be completed within 5 years of entering the program.
WHAT ARE SUPPORT COURSES?
Other general education courses are required prior to graduation from the program. It is highly recommended that these courses be taken prior to entering the dental hygiene program. However, they may be taken during the program. Support courses that have been completed prior to entering the program will provide extra evaluation points during the evaluation process. Those support courses are:

General Education Mathematics (At CCC – Math 118 or Higher, excluding Math 140) 4 hours  
Fundamentals of Speech Communications (At CCC – Speech 101) 3 hours  
English Composition I (At CCC – English 101) 3 hours  
General Psychology (At CCC – Psychology 201) 3 hours  

*CCC indicates City Colleges of Chicago  
Total 13 hours

CRITERIA FOR SUCCESSFUL PROGRAM COMPLETION
1. In order to advance to the next semester, the students must complete all dental hygiene courses in sequence with a final grade of “C” or higher.

2. In order to receive an Associate of Applied Science in Dental Hygiene, students must complete all program and degree requirements established by the Dental Hygiene Program and Malcolm X College. 94 credit hours

3. All students must pass appropriate didactic and clinical program requirements and be evaluated as progressing satisfactorily in the last semester of the dental hygiene program prior to being deemed eligible for application to take the written Dental Hygiene National Board Examination and State or Regional Clinical Examinations.

4. In order to become licensed as a dental hygienist in the State of Illinois, the student must complete the Dental Hygiene Associate in Applied Science Degree and pass appropriate written and clinical boards.
PROGRAM GOALS AND STUDENT OUTCOMES

GOAL A: Accept qualified eligible students and provide them with an education appropriate to their needs

Objectives
1. Educate dental hygiene practitioners for the State of Illinois and particularly for the Chicago metropolitan area;
2. Recruit and educate qualified students;
3. Increase enrollment of minority students;
4. Provide retention programs to enable students to complete their education.

GOAL B: Assist students to establish and achieve realistic educational and vocational goals, assess and evaluate educational outcomes, and foster academic and professional growth and development.

Objectives
1. Provide instruction in a body of knowledge that is well grounded in the basic sciences;
2. Provide students with a framework for the ethical care of patients;
3. Provide instruction in current clinical practice with emphasis on patient-centered care;
4. Provide broad-based and varied clinical experiences;
5. Provide clinical experiences in a variety of external settings;
6. Integrate basic science, behavioral science, and clinical practice;
7. Provide the opportunity for critical thinking and the use of evidence-based research in provision of oral health care to patients;
8. Provide a basis for effective interaction with other health professionals.

Student Outcomes:
Upon Completion of the Dental Hygiene Program, the student will:
Outcome 1. Be entry-level competent to be employed in the profession of dental hygiene;
Outcome 2. Have developed a personal philosophy of social responsibility;
Outcome 3. Have developed a personal philosophy of professional responsibility;
Outcome 4. Have the skills to provide care in a multicultural setting;
Outcome 5. Apply principles of evidence-based research in order to make decisions regarding delivery of care;
Outcome 6. Be able to critically self-evaluate and implement corrective action;
Outcome 7. Be committed to life-long learning to ensure continuing professional competence.
MALCOLM X COLLEGE DENTAL HYGIENE PROGRAM BLOOD-BORNE PATHOGEN POLICY

Blood-Borne Pathogens
Students and faculty may be providing care to patients with conditions caused by blood-borne pathogens as well as other infectious diseases. For this reason, students are required to have the Hepatitis Vaccine and provide evidence of TB test,

1. Care is provided to all patients unless their medical condition should be under further control prior to treatment for the benefit of the patient.
2. Faculty & students may not refuse to treat a patient
3. Dental hygiene faculty, staff and students are obligated to respect the privacy and confidentiality of all patients.
4. All health care providers and faculty will use universal precautions when treating each patient regardless of the health status of the patient.
5. Students and faculty are obligated to follow all patient care policies and procedures of the Kennedy-King Dental Hygiene Program and is affiliated clinics.

The Malcolm X Dental Hygiene Program has an infection control and clinic manual. In the Clinic Manual it is stated that the “goal of the College’s Infection Control Manual is to protect College personnel and patients from cross infections related to the dental clinic environment. Dental health care providers are responsible for monitoring their own health status.” When a dental health care provider is known to have an infectious disease it is their professional responsibility to take steps to prevent its spread. The management of the College reserves the right to restrict individuals from providing patient care or impose restrictions on dental health care workers in the event that an infectious disease is deemed to be at a level that presents unsatisfactory risk of transmission. The current best research will be used in making such a decision.

Infection Control Policies
The Dental Hygiene Profession willingly complies with the guidelines set forth by OSHA and the CDC. Any student, faculty, or staff not complying with the Malcolm X College Dental Hygiene Program and its affiliate clinic’s Infection Control Protocol will be dismissed from the clinic, lab or classroom.
APPLICATION INSTRUCTIONS FOR THE DENTAL HYGIENE PROGRAM

The absolute deadline for everything to be received is February 1, 2016. In addition to the online application, you must submit the following information in a packet to the Dental Hygiene Program at Kennedy-King College, Suite Y161. The packet must include:

1. Two official copies of your high school transcript or GED (only if you have not previously taken classes at City Colleges of Chicago)
2. Two official copies of transcripts from every college you have attended
   - If you are taking courses during the Fall 2015 semester, please make sure the transcripts are current and include your final grades for Fall 2015
   - If you have attended any of the City Colleges of Chicago, you do not need transcripts from these institutions. You will send a letter stating your name, student ID number, and the dates of attendance for any City Colleges of Chicago coursework
3. A 2x2 inch sized photo printed on matte or glossy photo quality paper
4. Two letters of recommendation from professor, employer, or community leader
5. Proof of Current Certification in CPR Basic Life Support at the Health Care Providers Level C
6. Personal Statement- A one page statement indicating the reasons for your interest as a dental professional.

Items 1-6 should be submitted as soon as possible. Submit them to:

Laura A. Leal
Dental Hygiene Program
Kennedy-King College
6301 South Halsted Street
Building Y, Room Y161
Chicago, IL 60621-2709
Telephone: 773.602.5219
E-Mail: lileal2@ccc.edu

In addition, the student must:

7. Apply for admissions to City Colleges of Chicago (if not already a student). Click on Link to apply: [http://www.ccc.edu/services/Pages/Apply-for-College.aspx](http://www.ccc.edu/services/Pages/Apply-for-College.aspx)
8. Complete Form for Business office and pay the $50.00 fee for Health Occupations Aptitude Test and Reading Comprehension Test
9. Complete the Health Occupations Aptitude Test including the Reading Comprehension Test in time for the scores to be received at Kennedy- College, Suite Y-161 by February 1st, 2016.
   **Bring your receipt of payment to the test date.
10. Pay the $40.00 application fee at Kennedy-King College Business Office.
11. We will need information submitted to us by the Background check agency and the drug testing agency. Information will be given to you upon admission into the program.
12. Provide documentation of Hepatitis B vaccination and TB test. More information concerning this documentation will be provided upon admission to the program.

If you have not already taken classes at City Colleges of Chicago, it is imperative that you submit two copies of your official grade transcripts from all High Schools, Colleges and Universities you have attended. Each transcript has to be in a sealed envelope from your college. You may have two copies sent to you and then you can forward them to us. They may be sent directly to us from your College or University by mail or by electronic submission. For electronic submission email to lileal2@ccc.edu. For hard copy submission, please include this entire address.

Mrs. Laura A. Leal
Dental Hygiene Program
Kennedy-King College
6301 South Halsted Street
Building Y, Room Y161
Chicago, IL 60621
**HOW WILL MY APPLICATION PACKET BE EVALUATED?**

The dental hygiene program admissions committee evaluates all completed applications. Thirty students will be selected to enter the program in the summer session of 2016 at Malcolm X College. Admission to the Dental Hygiene Program is competitive and **completion of all requirements does not guarantee admission.** Candidates are evaluated based upon the following criteria:

1. Math and Science GPA from all colleges and all courses
2. Cumulative GPA from all colleges and all courses
3. Health Occupations Aptitude Test scores
4. Reading score on Health Occupations Aptitude Test
5. Autobiographical Statement
6. Two (2) Letters of Recommendation
7. Number of hours of Support Courses completed prior to admission
8. Dental or health care experience involving direct patient contact
9. If accepted into the program, you will be required to have a background check. Additional Information will be provided when you turn in your acceptance form.
10. If accepted into the program, you will be required to have a drug screening Additional information will be provided when you turn in your acceptance form.

*Preference is given to City Colleges of Chicago students, followed by residents of the City of Chicago.*

**WHEN WILL I KNOW IF I AM ACCEPTED?**

If you apply to City Colleges of Chicago/Malcolm X College, and receive notification from the College that you have been admitted, that only means you have been admitted to the College. You will be contacted by email from the Dental Hygiene Program Director if you are accepted into the Dental Hygiene program.

Notification of acceptance or non-acceptance will first be by e-mail with a follow-up letter during the first week of April 2016. Please do not call the Dental Hygiene Program to inquire about the status of your application. Applicants who are not accepted may reapply for the following year.

*Acceptance in the Dental Hygiene Program will come from the Dental Hygiene Program Director.*
HEALTH OCCUPATIONS APTITUDE EXAMINATION

The Health Occupations Aptitude Examination measures abilities, skills, knowledge, and attitudes that are important for success in allied health education programs such as Dental Hygiene. A second exam, the HOAT reading test also is required. You must take both exams. There is a review book for this exam. If you are interested it is: Health Occupations Entrance Exams, ISBN# 1-57685-478-7. This is not required, but you may use this as a resource.

There is a $50.00 fee for these examinations and you must register in advance. You must pay the fee at the Kennedy-King College Business Office prior to requesting a testing date. Attached to this page is a form, which you must take to the Business Office at Kennedy-King College in order to pay the examination fee. To schedule the test you may do one of the following options.

You can either:

1. Bring one receipt and the form to request a date for the exam to Laura Leal to the Dental Hygiene Office at Building Y, Room Y161.
2. Fax a copy of the receipt along with the form to request a date to 773-602-5220
3. Email Laura Leal a copy of your receipt and form to request a date at lleal2@ccc.edu

Laura will contact you when the date for the exam has been scheduled.

Testing will take place in the Kennedy-King College, V Building, Room V-123, by appointment only. Each testing session is limited to 16 candidates. A photo I.D. will be required of all candidates. You must arrive for the exam at 8:45, test will START at 9:00 a.m and plan to be there until 2:00.

Below is a list of testing dates.
