ROMANCE, TEARS & MORE: MELODRAMA & MEANING - Melodramas have been a film staple since movies began. At some point, however, U.S. audiences started frowning on the word, turning "Melodrama" especially the Domestic Melodram, into a pejorative. Weepie, Woman's picture, Chick Flick, Soap. But there are other names: War Movie, Gangster Film, Musical, Western, Sports Movie, Gothic and Film Noir. Each of these movie categories is often a Melodrama, and many of those Melodrams are Domestic Melodramas. They show us how we think, live and relate in society. We will watch and discuss six films representing the wide range of Domestic Melodramas and discover why our reaction to their emotional impact may be a reflection of our concerns, fears and desires.

IMPROVE YOUR ASL CONVERSATIONAL SKILLS—(Prerequisites: Sign Language I & II) Building on skills learned in Sign Language I and II, now learn to distinguish which of multiple signs to use for the same English word depending on the desired meaning, and when multiple signs can be used for the same meaning. This class is for those seeking basic but accurate ASL communication skills, as well as experienced signers looking to enlarge their vocabularies and become more sophisticated in ASL communication. Idioms are phrases that have figurative rather than literal meanings. They may compare two dissimilar things to mean something else entirely. They commonly appear in most languages as peculiar and eccentric additions but may not be commonly understood by everyone. Camille Stagg, a food, wine and travel journalist, author of 16 books, former food editor of "The Chicago Sun-Times and "Cuisine" magazines and award-winning teacher. In June 2010, Ms. Stagg was made an Honorary Member of the Chicago Chefs of Cuisine for her contributions to the culinary profession and hospitality industry.

WINE & COOKING SERIES

THE FIRST THANKSGIVING: Bradford Family Recipes—Camille will take you back to the First Thanksgiving on the western shore of Cape Cod Bay, and will give insight into the Thanksgiving traditions and historical recipes of the Bradford family, into which she married. The Bradfords are descendants of Plymouth Colony Governor, William Bradford. The Indian pudding recipe can be traced back to the Wampanoag Indians, and the succotash utilizes beans and corn...two of the "Life triangle" foods that formed the basis of the Indian diet. This class is based on several articles Camille has written on this subject for the Boston Globe, the Chicago-Sun-Times and other publications. Tips for serving a holiday menu, turkey information and wine pairings will be included. Samples of food and wine will be served. (Must be 21 years old with proof to register for this class.) Q & A. One session. $39 Plus $15 Material Fee.

SPARKLING WINE & HOLIDAY FOODS—This class is geared to the holiday season. Information will be shared about the variety of sparkling wines and champagne styles, and suggestions of holiday foods that are best with the range of styles, from brut (dry) to demi-sec (semi-sweet). Camille will offer entertaining tips, recipes for several appetizers, a list of bubblies (mostly affordable) and will serve typical holiday fare (e.g. smoked salmon, caviar, shrimp and chocolate). Students will have the opportunity to taste several bubblies with the foods and discuss their preferences. Q & A. Samples of food and will will be served, sufficient for a light meal. (Must be 21 years old with proof to register for this class.) One session. $39 Plus $15 Material Fee.

Aquatics
Fall 2013

The American Red Cross (ARC) has required skills that must be mastered to move up to the next level in the Learn to Swim program. If your child did not receive the small Wright College ARC card verifying that they completed these skills, they remain in the same level. Moving your child up a level before they have mastered these required skills places them in danger and slows the next class because they cannot keep up.

If your child is transferring from another program, please call and speak to Genevieve to assess your child’s skill level and what class they should be placed in.

PLEASE NOTE PROCEDURES:
On the first day of class both new and returning students must have a parent or guardian present with them to complete health forms before the student enters the water.
For Preschool Aquatics and Levels I-6, students are required to bring swim cap and goggles to each class.
For questions, call Genevieve, Aquatic Department at 773/481-8918 or send her an e-mail at gakers@ccc.edu.
Students may register for aquatic classes after the first class meeting if room is available. There is no reduction in tuition for late starts.

No classes will be held

In order to pass the **Face Your Fear: Beginning Adult Swim** class and be ready to sign up for the **Intermediate Adult Swim**, you must complete ALL of the skill requirements in the American Red Cross Levels 1 & 2. These include front crawl, back crawl, breaststroke, elementary backstroke, treading, and jumping into deep water.

The **Intermediate Adult Swim** class covers the American Red Cross Levels 3 through 6, depending on ability level. You must have the prerequisite skills taught in the beginning class before you register for this class.

Consult the internet at http://wright.ccc.edu for registration information
Aquatics Fall 2013

The American Red Cross (ARC) has required skills that must be mastered to move up to the next level in the Learn to Swim program. If your child did not receive the small Wright College ARC card verifying that they completed these skills, they remain in the same level. Moving your child up a level before they have mastered these required skills places them in danger and slows the next class because they cannot keep up.

If your child is transferring from another program, please call and speak to Genevieve to assess your child’s skill level and what class they should be placed in.

Please note procedures:

On the first day of class both new and returning students must have a parent or guardian present with them to complete health forms before the student enters the water.

For Preschool Aquatics and Levels 1-6, students are required to bring swim cap and goggles to each class.

For questions, call Genevieve, Aquatic Department at 773/481-8918 or send her an email at gakers@ccc.edu.

Students may register for aquatic classes after the first class meeting if room is available. There is no reduction in tuition for late starts.

No classes will be held Sept. 2 or Sept. 28

No classes will be held Nov. 28 or Nov. 29

American Red Cross Requirements

All children must meet the age requirement for their class. If their birthdate has them turning older then please enroll in the appropriate age class. If your child turns 5 by August 25, then they must enroll in the 5 year old class. If they turn 6 by August 25, then they enroll in the 6 to 9 year old class.

Learn to Swim

ARC PARENT & CHILD AQUATICS—This program familiarizes children ages 1-2 and 3-4 with the water and prepares them to learn to swim in the American Red Cross Preschool Aquatics program. Illinois Health Department mandates that "swim diapers" must have fitted waterproof pants over the diaper. Every child must have one adult with them in the water for these classes.

12 sessions. $50
