**Notes:**

1. College Credit Academic Calendar is subject to change. Please contact the college for more details.

2. Sessions and course offerings: not all courses are offered each session, nor are all sessions offered at each college. Please contact the college for details.

3. Continuing Students: continuing students are strongly encouraged to complete the registration process as early as possible to ensure the best course and schedule availability. Please see your College Advisor prior to registering to discuss your career and education goals, academic program, graduation requirements and your progress toward graduation, course selection, and, if applicable, transfer.

4. New Students: all new students are strongly encouraged to complete the registration process as early as possible, preferably prior to end of Summer for fall entering students. The registration process for new students includes placement testing, college orientation, financial aid processing, career advising and academic program selection, and initial course selection. Please see the Admissions Office to begin.

5. Financial aid: students are strongly urged to apply for financial aid ([www.fafsa.gov](http://www.fafsa.gov)) as early as possible (preferably by March 1st) for the academic year beginning in the fall. Please contact the financial aid office for details.

### General registration ends February 1 for Credit students only. Registration remains open until February 9 for 12 Week Session students, and until March 9 for 8 Week Session for adult education and short-term students.

KNOW WHAT YOU WANT
What are your career and life goals?

A degree or certificate from City Colleges of Chicago is your ticket to a rewarding career, either right after graduation, or after a successful transfer to a four-year university. We have the resources to get you there, but you have to make some choices about your path.

MAKE AN INFORMED CHOICE
What do you want to study? Choose one of our ten College to Careers focus areas to help you narrow down from the 100+ degree and certificate programs we offer. If you’re having trouble making a decision, your college advisor can help talk it through with you, and provide you access to software and other tools for career and education exploration.

Choose a Focus Area: Choose from ten broad categories of CCC offerings (e.g., Healthcare, Education) — consult with an advisor
Get on a Pathway: Learn about common first-year courses in a focus area, career options, and degree and certificate plans available

COMMIT TO COMPLETE
Once you know what focus area interests you, figure out what you want to study in particular. For example, if you like information technology, do you if you want to go into Web Development or into Networking? Different courses are required depending on which pathway you choose, so if you haven’t already, meet with your college advisor to come up with an education plan that lists the exact courses you need in order to follow your own personal path to graduation, a bachelor’s degree and a career.

Complete an Education Plan: Work with your advisor to create your personalized plan to reach your goal

ADVANCED MANUFACTURING

COLLEGE TO CAREERS LOCATION: RICHARD J. DALEY COLLEGE

Furniture, appliances, electronics, even the planes and trucks that move these items from place to place, everything must be manufactured somewhere. Much of this work is done by machines, which must be calibrated, programmed, operated, and maintained by skilled technicians. Some of the work must be done by hand, such as welding components together, or checking components for quality control. If you are interested in mechanics and engineering in a hands-on environment, and transforming raw materials into useful products, you should consider the field of Advanced Manufacturing.
