**CPS confirmed that the Northwest Evaluation Association’s Measures of Academic Progress (NWEA MAP) test would be required for selective-enrollment high schools. NWEA’s Measures of Academic Progress (MAP) are computerized, adaptive tests that assess each student’s current level of academic performance in Reading, Language Usage, and Mathematics. When a student takes a MAP test, the difficulty of each question is based on how well a student answers all the previous questions. The adaptive nature of the test essentially personalizes the test to each student. As a result, every student has the same opportunity to succeed and maintain a positive attitude toward testing. At the end of the test, the final score is an estimate of the student’s achievement level.**

Children must be 4 by 06/08.  
This class promotes appropriate learning and development of fundamental water safety and swimming skills. It is a good step for children coming from the Parent & Child program as they transition into the Learn-to-Swim program at age 6. Parents DO NOT go into the water in this class. If your child was not in our parent/child classes and is 4 years of age, please call (773) 481-8841 to see if they would qualify. Swim cap and goggles are required at each class. 8 sessions.
