**What's the best thing about being a College Advisor:** The best thing about being a college advisor is the opportunity to assist students in navigating the college experience no matter what walk of life they come from.

**Advice:** I encourage students to understand that everything you do in your college career counts and advisors are here to help you understand exactly what that embodies. Don't try to take everything on your own. Whether you are new to college or are returning after quite some, there is a plethora of information to help you succeed. Also please ask questions! No question is too silly to ask. We understand college can be intimidating for some, and we are here to help however we can.
