

Melissa McGlynn

B.A. in Political Science from Northeastern Illinois University

What's the best thing about being a College Advisor: My passion is to help students from all over the city navigate their next steps and stages of life. College can be a big, scary place (it definitely was for me!), but it can also be an adventure that propels you into prosperous and wonderful places. I love to connect students to on and off campus resources and experiences to help them enhance their college experience!

Advice: My greatest piece of advice is to be curious and ASK QUESTIONS! The answer is always a “no” unless we ask – for help, for an extension, for extra credit, etc. If you do not know something, why attempt to figure it out by yourself when you have an entire team of people who come to work every day to help you!
