

Prepare for a Bright Future in the Solar Field!

Safer Foundation, Millennium Solar Electric Training Academy, Elevate Energy and our community partners want to help prepare you for a career in solar energy.

The Solar Jobs Training Program provides 12 weeks of comprehensive training that prepares students for careers such as Solar PV Installers, Site Surveyors, Project Managers, Sales, and Design! Our students will also receive a stipend, transportation assistance, job placement assistance, and more.

Attend an Orientation Session to Get Started

Safer Foundation (808 S. Kedzie Ave)

- **Tuesday, October 22** at 10 a.m.
- **Thursday, November 21** at 10 a.m.
- **Thursday, December 12** at 10 a.m.

Wright College Humboldt Park (1645 N California Ave)

- **Thursday, November 14** at 10 a.m.

“I think that solar is the future. More women need to get involved in the solar industry, especially women of color. It’s a diverse field, and it’s wide open with opportunities to go anywhere you want.”

Sharon Davis, Graduate of the Solar Jobs Training Program

Eligibility

- 18 years or older
- Returning citizen, alumnus of foster care system, or resident of an environmental justice community
- Valid ID
- Eligible to work in the U.S.

Next Steps

1. Fill out an application at elevateenergy.org/solar-training-app
2. Attend one of the orientation sessions listed above! You can also fill out an application at your orientation session.
