- White House Internship Program – [Get Involved | The White House](https://www.whitehouse.gov/get-involved/)

**Other Opportunities**
- **The NASA Community College Aerospace Scholars (NCAS) Program:**
  For students interested in pursuing a career in STEM, the NASA Community College Aerospace Scholars (NCAS) program is a blended-learning experience – available exclusively to community college students – comprised of a five-week online course and a chance to take a closer look at NASA’s mission, workforce, and facilities. [NASA Community College Aerospace Scholars | Oklahoma State University (okstate.edu)](https://www.nasa.gov/)

- **The Chicago CHEC Fellows Program:**
  For undergraduate and postbaccalaureate students at Northeastern Illinois University, University of Illinois at Chicago, Northwestern University, the City Colleges of Chicago, and other Community/ Junior Colleges in the Chicago metropolitan area who are planning to apply to graduate or medical school. This program is focused on the development of academic, technical, and professional skills in preparation for careers in social, behavioral, and biomedical research and in healthcare. ChicagoCHEC Fellows will
spend the summer in seminars and research rotations learning from leading researchers. Following the summer intensive program, ChicagoCHEC Fellows will have the option to be matched with a research mentor and research project (depending on mentor and project availability) during the academic year. The 2021 Application process for the ChicagoCHEC Fellows program is closed. Finalists will be contacted in April. - ChicagoCHEC.

- **The Pattis Family Foundation Summer Leadership Program:**
  Women Employed's Summer Leadership Program, generously sponsored by The Pattis Family Foundation, provides a unique opportunity for professional skill building and practical experience by exposing a team of interns to leadership training, front-line research, and an awareness of the barriers low-paid workers experience. The program seeks to introduce students and recent graduates to all areas of nonprofit work through workshops, guest speakers, and projects. Deadline: March: [https://womenemployed.org/summer-leadership-program/](https://womenemployed.org/summer-leadership-program/)

- **Princeton University Undergraduate Summer Research in Molecular Biophysics:**
  The mission of this training program in molecular biophysics is to enable students of the physical, mathematical, or engineering sciences from colleges with limited research opportunities to address important problems in biology. The summer undergraduate program offers cross-disciplinary research experience with leading faculty mentors who apply the intellectual, experimental, or theoretical tools of those sciences to biological questions.
  January deadline to apply: [Research Experiences for Undergraduates in Molecular Biophysics](https://www.princeton.edu/)

- **UIC-John Marshall Fair Housing/Fair Lending Course:**
  The course aims to familiarize college and university students with fair housing law and enforcement and lending discrimination and to inspire them to pursue careers in fair housing enforcement and investigation. The program was created to increase public awareness about the importance of equal opportunity in housing and to share information regarding fair housing and fair lending obligations.
  Available during the fall and spring terms: [Undergraduate Fair Housing/Fair Lending Course](https://www.johnmarshall.uic.edu/)
  [John Marshall Law School | University of Illinois at Chicago](https://www.johnmarshall.uic.edu/)
