October 15, 2026

Dear Retiree,

Open Enrollment is your opportunity to consider whether your current benefit plans are the right choice for you and your family for the upcoming calendar year. During this time, you can change or drop your current medical plans.

Open Enrollment will begin Monday, October 19, 2026, and will end on Friday, October 30, 2026. Enclosed are your 2027 Open Enrollment materials. Carefully review the information provided and decide if you want to make any changes to your benefits. The elections you make become effective on January 1, 2027, and remain in effect for the entire calendar year, unless you experience a qualifying life or family status change. **If you are making changes, the enrollment form must be received by Friday, October 30, 2026.**

Your current coverage will automatically continue at the new rates for calendar year 2027. To change or drop your medical coverage, simply complete the Health Insurance enrollment form included in your packet. **PLEASE NOTE:** Dental and vision plans are offered only during the first 10 years of retiree medical eligibility.

In an effort to ensure that our records are up to date, you will also find some additional forms. Please complete any of the following documents if you have experienced a recent change or feel that our information may not be current:

Health Insurance Enrollment Form – Please complete this form *only if* you are enrolling or changing your plan and/or your covered dependents.

Retiree Demographic Change Form – Please complete this form *only if* you need to notify us of a change to your name, address, phone, email address, etc. ***If you need to update your demographic information with SURS, contact them directly at 1-800-275-7877.***

Your signed Health Insurance Enrollment Forms must be received by Friday, October 30, 2026, and can be sent to:

City Colleges of Chicago
Office of Human Resources, Benefits Division

Additional Information

The Centers for Medicare & Medicaid Services (CMS) require employers to notify individuals eligible for Medicare Part D of whether or not the employer's prescription drug coverage is creditable. CMS defines "creditable coverage" as coverage that, at a minimum, has the equivalent actuarial value of the Medicare Part D alternative. Please read the Creditable Coverage notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with City Colleges of Chicago and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan.

If you have any additional questions, email the CCC Benefits Department at benefits@ccc.edu or call (312) 553-2895.

Regards,

City Colleges of Chicago
