

ASSESSMENT CERTIFICATE PROGRAM CITY COLLEGES OF CHICAGO

PARTICIPATION AY2021-AY2022

ACADEMIC AFFAIRS & STUDENT AFFAIRS- EDUCATIONAL QUALITY SEPTEMBER 8, 2021

ACP OVERVIEW

The Assessment Certificate Program (ACP) is a workshop-based program designed to provide training and support for faculty, staff, and students engaged and interested in the assessment of student learning. This program was established as a collaboration between DePaul University and Loyola University Chicago. In the summer of 2020, the City Colleges of Chicago (CCC) began the process of formally becoming a member of the ACP.

CCC & ACP

CCC Academic and Student Affairs is dedicated to creating and sustaining a continuous environment for the assessment of student learning. In doing so, CCC Academic and Student Affairs seeks to identify and engage in assessment partnerships that provide administrators, faculty, staff, and students with development opportunities in the assessment of student learning. By participating in the ACP, CCC will be working towards increasing a shared knowledge and practice in assessing student learning across all seven colleges.

MISSION STATEMENT

The mission of the ACP at CCC is to provide training and support for faculty, staff, administrators, and students engaged in the assessment of student learning. The program offers an opportunity for continuous improveme as reflective practitioners, equity in measuring learning, and educational quality. This is achieved through a CCC introductory workshop, ACP series of workshops, and a CCC-guided culminating project.

CCC-ACP LEARNING OUTCOMES

1. Develop strategies to strengthen assessment processes, planning, and data reporting that informs the CCC community about student learning.

2. Embed equity and inclusivity in the assessment of student learning.

3. Administer an assessment cycle, including the collection and analysis of data.

4. Communicate assessment processes to various stakeholders to make evidence-based recommendations to improve student learning.

HOW TO PARTCIPATE IN ACP FOR AY2021-2022

HILIHINA.

CCC faculty, staff, and administrators who would like to participate in the CCC-ACP and receive a certificate, will be required to signup through the CCC ACP Committee after completing their first ACP workshop. Once signed up with CCC ACP Committee, the committee will register the CCC group into the program. Each participant will be required to complete the following steps to receive a certificate:

1. Attend CCC's online Introduction to Assessment Workshop.

Attend four core assessment workshops based on your interests and assessment needs.
 Propose and complete a culminating project based on your assessment interests and conditions of your home institution.
 Attend a final workshop to present and discuss your completed culminating project.
 Receive Certificate

Special Notice- Fall 2021

CCC is still working to finalize the formal components of being an ACP member. To this end, if you complete your first ACP workshop between September 2021-December 2021 and would like to enroll in the certificate program, please <u>click here</u> to submit your information. A member of the CCC-ACP committee will follow up with you concerning the next steps before January 27, 2022.
