* Wright does not report when program completions are based on enrollments of fewer than three students.					

**Overall Program Completions:** is a count of the number of students awarded a BC, AC, and/or Associate's Degree in a given year. Overall completions are not dependent on when a student begins their program of study.

**Some Wright students elect to enroll initially as undecided in the Associate in General Studies before declaring in the Associate of Applied Science Program. Many students with the intention of transferring to a four-year institution also elect to enroll in the Associate of Arts program with a focus in Business/Economics. It is possible for a student in the AGS or AA program to complete an Advanced or Basic Certificate without having declared in those programs.**

**Three-year completion rates and overall completions will not align with program enrollments since students may enter/declare within the program at different points in their academic career. Program completion rates will also vary depending on whether a student enrolls full-time or part-time.**
